

## Coming Soon!

Happy  
*Father's Day*

June

June 7th

Kids Klub Summer  
Camp starts!

June 20th  
Father's Day

### Summer 2021

Although it seems like COVID-19 will still be around, please keep an eye out for any updates on our summer activities. We will try our best to provide the children with fun experiences, modified to uphold our enhanced Covid-19 safety

### Mother's Day/Father's Day Event

Dear Kids Klub Families,

We wanted to wish everyone a very Happy Mother's and Father's Day! We are so grateful to all of you for your continued partnership with Kids Klub and, above all, sharing the gift of your children with us.

We want to celebrate you! We would like to invite you to a joint Mother's Day/Father's Day Event over 3 days the week of Wednesday, June 16<sup>th</sup> through Friday, June 18<sup>th</sup>.

We simply could not be more excited! This will be our first parent event at our centers for well over a year. Obviously, we wanted to wait until a point where we could balance the quality and purpose of the event—with safety. This event will be outdoors, physically distanced—with each family unit having its own table. We will stagger classes and age components over the two days. Please expect more details and a formal invitation very soon!

We are looking forward to spending this time with you!

## Hoppy's Highlights

Congratulations to our  
2021 Golden Hoppy Award  
Winners!

Their heart and passion for working with children and families is evident everyday in everything they do. We are so proud of them!

Child Development Centers

## Kids Klub Pasadena ... Where Everyday Leads to a New Discovery!

Kangaroo A children exercise their eye-hand coordination while inserting straws into bottles. They also express their creativity while engaging in outside chalk art.

The Ducks demonstrate their name recognition skills while circling their name during circle time. For Earth Day during art, they glued small pieces of paper to make the earth using a plate.

After learning about caterpillars and the butterflies, the Dinosaurs made their very own caterpillar. For Earth Day, they also learned about how plants grow and got to plant their seeds.

The Dolphins demonstrated their artistic skills by making a sun catcher using a CD and gluing colorful jewels. They also worked on identifying time by recognizing the hands on a clock.

The Starfish demonstrated their understanding of STEAM while they explored and played with magnets and connected the magnet pieces through the clear container.

Meet Ms. Marisol! On a daily basis, she cares for the little Piglets, while meeting their individual needs and providing them activities that will support their growth and development.
