Kids Klub Evening Weekend ... Where Everyday Leads to a New Discovery!

I Scream.....

You Scream.....

We all scream for Ice Cream

Kitchen Creation cooking activities are one of the many activities the children love to do on the weekends.

Wacky Science Week is full of STEAM activities and experiments. What colors can you create using Primary colors?

What's the Science behind Bubbles? Why can you see all the colors of the Rainbow? Why are bubbles Round? These are questions children asked during the Science bubble activity.
