## Hoppy's Highlights

This month of April is the National Association for the Education of Young Children (NAEYC) week, the nation's largest organization of early childhood professionals and others dedicated to improving the quality of early childhood education programs. At Kids Klub, we have a weeklong celebration honoring our young children. We embrace this week with a children's art museum showcasing your children's creativity and love for literature!

We also want to thank all of our children for their dedicated, state-of-the-art Leprechaun traps! On Monday, March 17th, we arrived at Kids Klub and found the center green, glittery and messy from their visit! I have a feeling we'll catch them next year!!

## DID YOU KNOW?

Nicholas, also known as "Saint," has been a part of Kids Klub since he was an infant, growing through our various programs and creating countless memories. Now, as a team member working with our Dragons, he has formed meaningful connections with the children, offering guidance and inspiration. One of Nicholas' many talents is archery, a skill that requires focus, patience, and discipline, and serves as an excellent opportunity for teaching children!

## Director's Corner

**Any fun traditions for Spring Break, Easter or Earth Day?**

For Easter, my family and I host a Sunday brunch party and invite our family and friends. We also paint and fill up eggs with glitter and money. The children all participate in our Annual Easter Egg Hunt. It's a great time to catch up with all the people we adore!
